27-31 August 2018

### Laboratory Animal Science

Helene Nørrelund  
Head of Graduate School of Health

Course leader: Frederik Dagnæs-Hansen

Reg. No.: B100/34

ECTS: 3.80

Contents: The aim of the course is to give the participants understanding of the basic principles laboratory animal science. The course is obligatory for persons, who wish to obtain their own permission for performing research using laboratory animals. The basic course in Laboratory Animal Science, gives an admission to experiments with animals. This means that you get the admission to assist at experiments with laboratory animals. This corresponds to FELASA B license.
