Product Group: Fruits				
Department/ Research Group	Address/ Web-site	Short description of focus area	Short description of competencies	Main representatives contact

The selected product groups for the EU region is: Fruit, Beef and Fish.

1. Universities

1.1 Aalborg University

Full name of organisation	Address and website	Core disciplines	Core product groups	Core food chain links
Aalborg University	Fredrik Bajers Vej 5, DK-9100 Aalborg +45 96358080 www.auc.dk			Primary- and secondary production
General: Food Related				
Department/ research group	Address and website	Short description of focus area	Short description of competencies	Main representatives with contact
Agricultural Economics	http://www.socsci.auc.dk/agricul/	Reorganization in the post industrial society, agricultural economics and agricultural politics.	Carries out research on the three focus areas.	Same phone no. as above.

1.2 Aarhus School of Business

Full name of organisation	Address and website	Core disciplines	Core product groups	Core food chain links
Aarhus School of Business	Fuglesangs Allé 4 DK- 8210 Aarhus V. +45 89486688 www.asb.dk			Retail, consumer and secondary production
General: Food Related				
Department/ research group	Address and website	Short description of focus area	Short description of competencies	Main representatives with contact
The MAPP Centre	www.mapp.asb.dk	Centre for research on customer relations in the food sector.	Carries out research on the development, marketing and distribution of foods.	+45 89486487

1.3 Copenhagen Business School

Full name of organisation	Address and website	Core disciplines	Core product groups	Core food chain links
Copenhagen Business School	Solbjerg Plads 3, DK-2000 Frederiksberg +45 38153815 www.cbs.dk			Retail and consumer
General: Food Related				
Department/ research group	Address and website	Short description of focus area	Short description of competencies	Main representatives with contact
Department of Marketing	http://www.cbs.dk/departments/marketing/indexuk.shtml	Conducts marketing research on Business-2-Business, Advertising, Retail and Consumer Behaviour and Distribution and Transport.	Analyses and evaluates the structures and processes that link customer and consumer wants and needs with intra- and inter-organisational processes in the marketing channel.	+45 38152100

1.4 Danish Technical University

Full name of organisation	Address and website	Core disciplines	Core product groups	Core food chain links
Danish Technical University	Anker Engelundsvej 1, Bygning 101A, DK-2800 Kgs. Lyngby +45 45252525 www.dtu.dk			Primary- and secondary production
General: Food Related				
Department/ research group	Address and website	Short description of focus area	Short description of competencies	Main representatives with contact
Center for Advanced Food Studies (LMC)	http://www.levnedsmiddelcentret.dk/	Bio-technology, micro-biology and process technology	The food industries micro-biology, foodstuffs security, hygiene and biotechnology. New manufacturing technologies and conservation of qualities from earth to table.	+45 45252600

1.5 Roskilde University Centre

Full name of organisation	Address and website	Core disciplines	Core product groups	Core food chain links
Roskilde University Centre	Universitetsvej 1, DK-4000 Roskilde +45 46742000 www.ruc.dk			Primary production and consumers
General: Food Related				
Department/ research group	Address and website	Short description of focus area	Short description of competencies	Main representatives with contact
TekSam	http://www.ruc.dk/teksam_en/research/	Environment, Innovation, Regulation and Communication. Food Production, Agriculture and Sustainable Development. International Environmental Planning and Development.	Strengthening the trans-disciplinary, integrated holistic approach to research, including a capacity of expertise and instruments in order to be able to perform measurements of environmental strains.	+45 46742120

1.6 The Royal Veterinary and Agricultural University

Full name of organisation	Address and website	Core disciplines	Core product groups	Core food chain links
The Royal Veterinary and Agricultural University	Bülowsvej 17, DK-1870 Frederiksberg C +45 35282828 www.kvl.dk			Primary production
Product group: Beef				
Department/ research group	Address and website	Short description of focus area	Short description of competencies	Main representatives with contact
Department of Dairy and Food Science	http://www.mli.kvl.dk/	Food sciences, including meat, plant food, dairy, micro-biology and chemistry	Research in order to strengthen the Danish food industry, especially its competitiveness	+45 35283212

1.7 Southern Danish University

Full name of organisation	Address and website	Core disciplines	Core product groups	Core food chain links
Southern Danish University	Campusvej 55 DK-5230 Odense M +45 65551000 www.sdu.dk			Primary production
General: Food Related				
Department/ research group	Address and website	Short description of focus area	Short description of competencies	Main representatives with contact
Centre for Fisheries, Aquaculture Management & Economics	http://www.sam.sdu.dk/fame/	Management, marketing and economics		Same phone no. as above.

2. Research Institutes

2.1 Danish Meat Research Institute

Full name of organisation	Address and website	Core disciplines	Core product groups	Core food chain links
Danish Meat Research Institute	Maglegaardsvej 2, DK-4000 Roskilde +45 46303030 www.dmri.com	Product quality, product safety, improved efficiency and external environment	Meat	Primary production and transport
Product group: Beef				
Department/ research group	Address and website	Short description of focus area	Short description of competencies	Main representatives with contact
DMRI Consult	Same as above.	Process design, animal welfare, operations management and water and energy preservation	Design and operational efficiency of pork and beef slaughterhouses and meat processing plants.	Same phone no. as above.
Pork and Beef quality	Same as above.	Maintain or improve quality and quality perception of Danish meat in general	Product quality covers aspects that are important for the ability of the product to satisfy the market requirements to both the intrinsic properties such as the sensory quality and shelf life as well as the perceived quality traits e.g. animal welfare and environmental aspects	Same phone no. as above.
Process Technology and Hygiene	Same as above.	Processes and treatment during transport to the slaughterhouse	Product safety ensures that there is no risk for consumers of meat products.	Same phone no. as above.

2.2 Institute for Food Studies & Agroindustrial Development

Full name of organisation	Address and website	Core disciplines	Core product groups	Core food chain links
Institute for Food Studies & Agroindustrial Development	Venlighedsvej 6, DK-2970 Hørsholm +45 45570582 www.ifau.dk	Support the development of Danish agriculture and food production through research and dissemination of information		Production and consumption

Research institutes under the Danish Ministry of Food, Agriculture and Fisheries

2.3 Danish Institute for Fisheries Research

Full name of organisation	Address and website	Core disciplines	Core product groups	Core food chain links
Danish Institute for Fisheries Research	Jægersborgvej 64-66 DK-2800 Kgs. Lyngby +45 33963300 www.dfu.min.dk		Fish	Primary production, secondary production, distribution and consumption
Product group: Fish				
Department/ research group	Address and website	Short description of focus area	Short description of competencies	Main representatives with contact
Dept. of Marine Ecology and Aquaculture	Kavalergården 6 DK-2920 Charlottenlund	Habitat and climate, tropic interactions, aquaculture and the environment, and fish diseases,	Research regarding the interaction between environmental factors and the production variability of fish and shellfish.	Same phone no. as above.
Dept. of Marine Fisheries	Charlottenlund Slot DK-2920 Charlottenlund	Ecosystem description and modelling, fisheries management, stock assessment, fisheries technology	Research on ecosystem description and modelling and on methods for providing advice on sustainable exploitation of the living resources.	Same phone no. as above.
Dept. Of Inland Fisheries	Vejlsøvej 39 DK-8600 Sillkeborg	Habitat and climate, trophic interactions, ecosystem description and modelling	Research in freshwater fisheries biology and population genetics in fish.	Same phone no. as above.
Dept. of Seafood Research	DTU, building 221 DK-2800 Kgs. Lyngby	Raw-material and product technology, microbiology and	Research and development within handling, storage,	Same phone no. as above.

		hygiene production and process analysis.	preservation, and other industrial uses of fish.	
--	--	--	--	--

2.4 Danish Institute of Agricultural Sciences

Full name of organisation	Address and website	Core disciplines	Core product groups	Core food chain links
Danish Institute of Agricultural Sciences	Blichers Allé 1 Foulum DK-8830 Tjele +45 89991900 www.agrsci.dk	Responsible resource utilization, environmental impacts, animal welfare and the quality and competitiveness of the products.		Primary production
General: Food Related				
Department/ research group	Address and website	Short description of focus area	Short description of competencies	Main representatives with contact
Department of Agricultural Engineering	http://www.agrsci.dk/jbt/index_uk.shtml	Encompasses the technical aspects of agricultural buildings and machinery.	Development of housing/stable systems. Analyses of work, machine and energy requirements. Development of decision support tools. Implementation and adaptation of sensory systems.	+45 76296020
Research Centre Flakkebjerg	http://www.agrsci.dk/Flak_uk/welcome.shtml	Crop protection, plant biology and infrastructure.	The activities include research in crop protection, pollination and bee diseases and research in plant biology	+45 58113300
Research Centre Foulum	http://www.agrsci.dk/koerselsvejlfoulum_uk.shtml	Research in animal husbandry and plant production. Interdisciplinary research, i.e. ecology, animal husbandry production and welfare.	Livestock buildings, livestock/herds, a foodstuff factory and a slaughterhouse. Experimental cultivation and research in applied cropping systems and specialized	+45 89991900

Product group: Fruit				facilities.
Department/ research group	Address and website	Short description of focus area	Short description of competencies	Main representatives with contact
Department of Horticulture	http://www.agrsci.dk/pvf/index_uk.shtml	Fruit, Vegetables and Food Science	Cultivation systems for field production of fruits and vegetables. Investigations into industrial processing to improve the sensory and nutritional quality of the products.	+45 63904343

2.5 Danish Research Institute of Food Economics

Full name of organisation	Address and website	Core disciplines	Core product groups	Core food chain links
Danish Research Institute of Food Economics	Rolighedsvej 25, DK-1958 Frederiksberg C +45 35286810 www.sifi.dk	Production, consumption and marketing of food		Primary production and consumption

Agencies under the Danish Ministry of Food, Agriculture and Fisheries

2.6 Danish Directorate of Fisheries

Full name of organisation	Address and website	Core disciplines	Core product groups	Core food chain links
Danish Directorate of Fisheries	Stormgade 2, DK-1470 Copenhagen K +45 33963000 www.fd.dk	Fresh and good fishery products for the consumer. Preservation of stocks. Sustainable fishing.	Fish	Primary production

2.7 Danish Pest Infestation Laboratory

Full name of organisation	Address and website	Core disciplines	Core product groups	Core food chain links
Danish Pest Infestation Laboratory	Skovbrynet 14, DK-2800 Kgs. Lyngby +45 45878055 www.dpil.dk	Insect and mammal pests on domestic animals, in stocks, buildings and used materials		Primary production

2.8 Danish Plant Directorate

Full name of organisation	Address and website	Core disciplines	Core product groups	Core food chain links
Danish Plant Directorate	Skovbrynet 20, DK-2800 Kgs. Lyngby +45 45263600 www.pdir.dk	Cover legislation on, seed, feeding stuffs, plants, potatoes, fruit, vegetables and others.		Primary production

2.9 Danish Veterinary Institute

Full name of organisation	Address and website	Core disciplines	Core product groups	Core food chain links
Danish Veterinary Institute	Bülowsvej 27, DK-1790 Copenhagen V +45 35300100 www.vetinst.dk	Research and diagnostics to the benefit of the consumers, the producers of food animals and the food industry.		Primary production

General: Food Related

Department/ research group	Address and website	Short description of focus area	Short description of competencies	Main representatives with contact
Pathology and Epidemiology	Same as above.		Diagnostics concerning pathology and parasitology. Production of sera and autovaccines. Stable and laboratory services.	Same phone no. as above.
Bacteriology	Same as above.		Bacteriological diagnostics, Zoonotic bacteria, Antimicrobial resistance, Environmental microbiology and Gene technology	Same phone no. as above.
Immunology and Biochemistry	Same as above.		Serological diagnostics. Diagnostics concerning epidemic virus.	Same phone no. as above.
Virology	Same as above.		Diagnostics concerning exotic virus, Vaccinology, Vaccine production and cell culture	Same phone no. as above.

Poultry, Fish and Fur Animals	Same as above.		Pathology, bacteriology and virology concerning poultry, fish, fur animals, wildlife, dogs and cats.	Same phone no. as above.
-------------------------------	----------------	--	--	--------------------------

3. Major Businesses

The largest companies in the food industry measured by sales in year 2000. Source: "Levnedsmiddel Bladet", no. 9, oktober 2001, page 10-14.

3.1. Beef

Full name of organisation	Address and website	Core disciplines	Core product groups	Core food chain links
Danish Crown	Marsvej 43, DK- 9000 Randers +45 89191919 www.danishcrown.dk		Mainly Pork and beef	Secondary production
Department/ research group	Address and website	Short description of focus area	Short description of competencies	Main representatives with contact
Tulip Food Company	Gunnar Clausens Vej 13 DK-8260 Viby J http://www.tulip.dk/english/	Complete meat processing company; its product range includes everything from luncheon meat and sausages to hamburgers, schnitzels and ready-made dishes.		+45 87387200
ESS-Food	Axelborg, Axeltorv 3 DK-1609 Copenhagen V http://www.ess-food.com/essfood.htm	Sells and distributes meat products to most of the world.		+45 33115600
DAT-SCHAUB	Flæsketorvet 41 DK-1711 Copenhagen V http://www.dat-schaub.dk/	The company is responsible for the handling of pig casings at all Danish pig slaughterhouses.		+45 33266600
Emborg foods	Lansen 19 DK-9230 Svenstrup J http://www.emborg.com/	Trades in a wide range of foods. The products include fish, shellfish, dairy products, pork, beef, veal, poultry and vegetables.		+45 96376500
SFK Meat Systems	Albuen 37 DK-6000 Kolding	Produces and markets		+45 76342700

	http://www.sfk.com	machinery and advanced technology for the meat industry.		
SFK Food	Industrivej 29 DK-8800 Viborg http://www.sfkfood.dk/	Supplies spices, flavourings and adjuvants to the food industry in and outside Scandinavia.		+45 89267888
Scan-Hide	Industrivej 15 DK-5762 Vester Skerninge	The company processes 620,000 hides from cattle slaughterhouses and 85,000 hides from destruction plants.		+45 62241057

BHJ	Ulsnæs 33, DK-6300 Gråsten +45 74353535 www.bhj.dk		Meat	Secondary production
-----	---	--	------	----------------------

Tican	Standvejen 6, DK-7700 Thisted +45 99192323 www.tican.dk		Meat	Secondary production
-------	--	--	------	----------------------

Department/ research group	Address and website	Short description of focus area	Short description of competencies	Main representatives with contact
TiCan UK		Sells bacon products and frozen pork primarily to wholesale companies.		+44 1249461002
TiCan Chilled		Distributes Ticans own products as well as beef, poultry and cheese.		+44 1922619000
Cuffey Links Holding Ltd.		Produces and process about 400 tons of bacon a week.		Same phone no. as Tican.
Tican Foods A/S		Produces sausages and fresh meat.		+45 75152100

Skare Meat Packers	Industrivej Syd 1, DK-6600 Vejen +45 75361100 www.skare.com		Beef and veal	Secondary production
Department/ research group	Address and website	Short description of focus area	Short description of competencies	Main representatives with contact
Skare Vejle	Toldbodvej 8 DK-7100 Vejle	Produces salamis, sausages and delicatessen products.		+45 75820099
Skare Vejen	Industrivej Syd 1 DK-6600 Vejen	Produces salamis, sausages and delicatessen products.		+45 75361100
Skare Christiansfeld	Kongensgade 47 DK - 6070 Christiansfeld	Produces salamis, sausages and delicatessen products.		+45 74561118

3.2. Fish

Full name of organisation	Address and website	Core disciplines	Core product groups	Core food chain links
Royal Greenland	Langerak 15, DK-9220 Aalborg Ø +45 98154400 www.royalgreenland.com	Specialised in fishing, processing and the sale of first class seafood products.	Fish	Primary- and secondary production
Polar Seafood Greenland	Baldrianvej 2, DK-9310 Vodskov +45 98294422 www.polarseafood.dk		Fish	Primary- and secondary production
