

Welcome to EuroEpi 2013

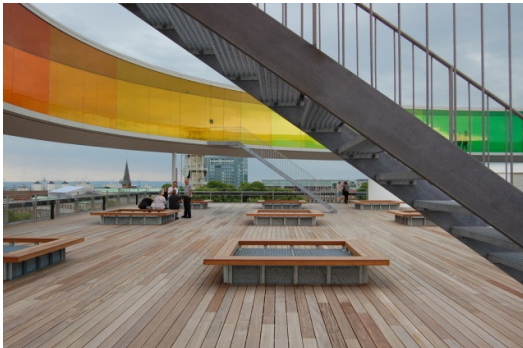

We proudly invite you to the European Congress of Epidemiology (EuroEPI) 2013 of the European Epidemiology Federation of the International Epidemiological Association (IEA-EEF). It will be held in Aarhus, Denmark, from August 11 to 14, 2013.

The call for abstracts is now open and the deadline for submission is

March 29, 2013

Guidelines for submission at www.euroepi2013.org. The same date is deadline for applying for one of the scholarships supporting participation for young researchers without their own funding.

The congress is organised by the Danish Epidemiological Society (DES) under the auspices of the IEA-EEF. We now have an outline of an exciting scientific and educational programme (see other page). The NordicEpi 2013 (Nordic Meeting in Epidemiology and Register-based Health Research) will take place just after the EuroEPI 2013 at the same venue, and is open to all interested.

Details will be updated continually at our website www.euroepi2013.org, and if you want to provide input to the organisers, please contact the local organising committee (see back for contact info).

We hope to see you in Aarhus at the EuroEpi 2013!

Denmark in August is the perfect place for a family vacation. Aarhus has many attractions, beaches and forests nearby, all within reach by bike or public transportation. Within the city centre itself, you can use one of the many City-bikes for free to get around.

On behalf of the organisers,

Jørn Olsen
President of Scientific
Committee
