AIM
- To stimulate and improve cooperation between CF nurses from Scandinavian CF Centres
- To exchange experiences
- To improve treatment and care to families with CF

THE BOARD
- One CF nurse from each of the centres
- Meets twice a year

RESULTS
- A 2-day workshop every second year for approximately 40 Scandinavian CF nurses
- A twelve day CF course equivalent to 5 ECTS has been held once and will be repeated

FUTURE
- A common Scandinavian database on nursing interventions in CF
- Common Scandinavian studies on nursing to the CF patient
