

Special Development Zones in Asian Borderlands

Workshop organised by the RisezAsia Research Project
Aarhus University, Moesgaard Campus
17-18 June 2019

Participants

Juan Zhang, University of Bristol.
Jamie Doucette, University of Manchester.
Sindhunata Hargyono, Northwestern University, Illinois.
Tina Harris, Amsterdam University.
Steven Schoofs, Ghent University.
Patrick Meehan, SOAS, University of London.
Jason Cons, University of Texas, Austin.
Duncan McDuie-Ra, University of Newcastle, Australia.
Galen Murton, James Madison University.
Pal Nyiri, Vrije University.

Objective

The workshop will focus on special development zones as a model of capital accumulation, a heuristic device through which to understand development, foreign investment, modernist fantasies and the changing power dynamics in Asian borderlands.

Organisers

Dr. Michael Eilenberg, Associate Professor
Dr. Mona Chettri, Postdoctoral Researcher
