

Curriculum Vitae

2010-present Associate Professor (lektor), Department of Chemistry, Aarhus University

2007-2010 Assistant Professor (adjunkt), Department of Chemistry, Aarhus University.

2005-2007 Employment as a postdoctoral research assistant (24 months) in the group of Prof. Benjamin G. Davis, University of Oxford partially funded by The Danish National Science Research Foundation. *Expanding methods for protein/peptide glycoconjugation and Chemoenzymatic Synthesis of sialylated oligosaccharides.*

2005 Lecturer of Organic Chemistry for 2nd/3rd year students, Worcester College, University of Oxford (1 year college lectureship).

2004-2005 Employment as a postdoctoral research assistant (12 months) in the group of Prof. Donald Craig at Imperial College (London), funded by The Carlsberg Research Foundation. *Methodology development. Aspects of a novel decarboxylative Claisen-rearrangement.*

2003 Employed as a postdoctoral research assistant (6 months) in the group of Professor Mikael Bols after submission of a Ph.D. dissertation entitled "Azasugars: Their Synthesis, Glycosidase Inhibitory Activity, and Substituent Constants."

2002 Visiting Ph.D.-student in the group of Professor B. Mario Pinto, Simon Fraser University, British Columbia, Canada.

1999-2003 Ph.D.-student in the group of Prof. Mikael Bols, Department of Chemistry, Aarhus University.
