Ansættelser

Institutleder, professor

Institut for Miljøvidenskab
Aarhus Universitet
Roskilde, Danmark
11 mar. 2015 → present

Professor

Arctic Research Centre
Aarhus Universitet
Roskilde, Danmark
4 feb. 2020 → present

Ingen titel

Institut for Miljøvidenskab - Mikrobiel Økologi
Aarhus Universitet
Roskilde, Danmark
12 mar. 2022 → present

Professor

WATEC, Centre for Water Technology - WATEC Aarhus University Centre for Water Technology, Roskilde
Aarhus Universitet
Roskilde, Danmark
2 mar. 2019 → present

April 2014 – March 2015	Research professor (permanent), Geological Survey of Denmark and Greenland and University of Copenhagen, Department of Plant and Environment
March 2007 – April 2007	Visiting professor at University of Montana, USA.
May 2006 – April 2014	Research professor, Geological Survey of Denmark and Greenland and University of Copenhagen, Department of Plant and Environment
Jan. 2004 – Aug. 2004	Visiting professor at University of Montana, USA
Oct. 1996 – April 2006	Senior research microbiologist, Geological Survey of Denmark and Greenland

Aug. 1996 – Sept. 1996 Research associate professor at Royal Veterinary and Agricultural University, Department of Ecology and Molecular Biology, Microbiology Section

May 1992 – July 1996 Research Assistant professor at Royal Veterinary and Agricultural University, Department of Ecology and Molecular Biology, Microbiology Section

Sept. 1991 – April 1992 Scientist (permanent position) at the National Environmental Research Institute, HAMI, Section of microbiology

Sept. 1988 – Aug. 1991 Ph.D. scholarship from Centre for Microbiology and Centre for Microbial Ecology with split laboratory at the National Food Agency and the Genetic Engineering Group

Aug. 1987 – Sept. 1987 Research assistant at the Laboratory for Analysis of Pesticides

Uddannelse

October 1991 Lic. scient. (Ph.D.) in microbiology from University of Copenhagen, Department of General Microbiology.

July 1987 Cand. agro (M.Sc.) from Royal Veterinary and Agricultural University (now University of Copenhagen), master thesis on sorption and transport of atrazine in soil profiles
