

Uddannelse

2009

Ph.D., Mechanical Engineering, Robotics. University of Toronto

1992

B.S., Mechanical Engineering, Mechanical Design. Chongqing University

Ansættelser

September 1 2016 – present

Associate Professor in the School of Engineering & Department of Engineering. Aarhus University

Jan.1 2013 –August 31, 2016

Assistant Professor in the School of Engineering & Department of Engineering. Aarhus University

June 1, 2012 - November 28, 2012

Chief Technology Officer in Automatic Equipment Research & Development for Manufacturing Cell Phone Batteries and Automobile Batteries. Tech-Rich Co. China

Oct. 1, 2011 - May 28, 2012

Research Engineer in Dynamic Analysis of Aircraft Engine Components. Pratt & Whitney Canada

Sept. 1, 2009 - Aug. 30, 2011

Postdoctoral Research Fellow in Micro-robotics with Application to Biological Cell Manipulation. University of Toronto

Sept. 1, 2001 – Aug. 30, 2005

Associate professor in the Department of Mechanical Engineering. Beijing University of Technology

Sept. 1, 1999 – Aug. 30, 2001

Lecturer in the Department of Mechanical Engineering. Beijing University of Technology
