

# Curriculum Vitae

Kim Ryun Drasbek, MSc, PhD

## Education

- 2005: PhD degree at the Faculty of Health Sciences, University of Aarhus.  
Title: Molecular characterization of native and recombinant ionotropic glutamate receptors expressed in neurons and heterologous systems.  
Supervisor: Professor John D. C. Lambert, Institute of Physiology and Biophysics, University of Aarhus.  
Co-supervisor: Associate Professor Jan Egebjerg, Department of Molecular Biology, University of Aarhus.  
Funding from Neuroscience Pharma Biotech Strategic Research Center and the Lundbeck Foundation.
- 2000: MSc degree at the Faculty of Science, University of Aarhus.  
Title: A molecular model for secretion of the IgA1 protease in *Streptococcus pneumoniae*.  
Supervisor: Professor Mogens Kilian, Department of Medical Microbiology and Immunology, University of Aarhus.  
Co-supervisor: Associate Professor Knud Poulsen, Department of Medical Microbiology and Immunology, University of Aarhus.  
Co-supervisor: Associate Professor Torsten Kristensen, Department of Molecular Biology, University of Aarhus.
- 1998: BSc project at the School of Biological Sciences, University of Edinburgh, Scotland.  
Title: Yeast expression of vaccine candidates in the *pfs230* gene from *Plasmodium falciparum*.  
Supervisor: Professor Brian Kilbey, Institute of Cell and Molecular Biology, University of Edinburgh, Scotland.

## Appointments

- 2012 – Sino-Danish Center for Education and Research, Beijing / Denmark.  
Principal Investigator of the sub-theme: Neuroscience and Cognition.
- 2011 – CFIN, Department of Clinical Medicine, Aarhus University.  
Associate Professor, scientific coordinator
- 2011 – Sino-Danish Center for Education and Research, Beijing / Denmark.  
Head of Programme: Master Programme in Neuroscience and Neuroimaging.
- 2007 – 2011 Scientific Administrator of Proteomage, IP under the 6th EU Framework.
- 2006 – 2011 Department of Molecular Biology, University of Aarhus.  
Postdoc in the Phage Display group – Associate Professor Peter Kristensen.
- 2004 – 2006 Institute of Physiology and Biophysics, University of Aarhus.  
2 year postdoc in the Synaptic Physiology lab – Associate Professor Kimmo Jensens group.

## Teaching

- 2011 – Master Programme in Neuroscience and Neuroimaging, Sino-Danish Center for Education and Research.  
Head of Programme.
- 2010 – 2011 Department of Engineering, University of Aarhus.  
Lecturer and Instructor of theoretical exercises in Introduction to Biotechnology.
- 2006 – 2007 Department of Molecular Biology, University of Aarhus.  
Instructor of theoretical exercises in General Molecular Biology.
- 2005 – 2006 Institute of Physiology and Biophysics, University of Aarhus.  
Instructor of practical exercises in physiology for 4th and 5th semester medical students.

## Organizer of symposia and seminars

- 2017 Nordic Stroke 2017 Conference, Aarhus, Denmark.  
Invited speaker.
- 2016 Danish Stroke Researcher Association meeting, Aarhus, Denmark.  
Co-founder, organizer, and speaker.
- 2014 – OAK annual scientific meetings, Denmark.  
Member of organising committee.
- 2013 – Annual SDC Neuroscience and Neuroimaging Symposium, Beijing, China.  
Founder and organizer.
- 2007 – 2011 Molecular Intervention Seminar Series, Department of Molecular Biology, University of Aarhus.  
Founder and organizer.

### **Evaluations and assessments**

Peer-reviewer of articles for Biogerontology and Acta Neuropsychiatrica.

Assessor of applicants for scientific position at the university.

Pre-assessor of PhD applications and applicants for the Graduate School of Health, Aarhus University.

Chairman for PhD assessment committee, Aarhus University and member of PhD assessment committee, University of Copenhagen.
